Authorization for this examiner's amendment was given in a telephone interview with Dennis E. Stenzel on 02/10/09.

The application has been amended as follows:

Claim 49, line 17, the phrase "improved" has been amended to "of the following".

Claim 56, line 6, the phrase ". Hydrophilic" has been amended to ", hydrophilic".

The following is an examiner's statement of reasons for allowance:

The closest prior art, Cortese teaches an osmotic device comprising a semi-permeable wall surrounding a compartment housing a layer of water-insoluble agent and a layer of swellable hydrogel. Cortese, however, does not teach the water-insoluble agent in solid dispersion form that dispersed in a polymer. The present dosage form exhibits an AUC in drug concentration of at least 1.25 fold that of a control dosage form comprising an identical dosage form containing an equivalent quantity of undispersed drug.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
